

# DRINK RESPONSIBLY

Hydration is a serious business, which is why Nalgene® is serious about quality. Only an original Nalgene is guaranteed not to leak or shatter while providing a taste-free, odor-free, hassle-free drinking experience. What could be more responsible than that? So whether you want to sip or chug, reach for a Nalgene. You'll feel better in the morning.

## USE NALGENE®

**WARNING:** Failure to use original Nalgene products poses a significant risk of disappointment to the user. Irresponsible use of knock-off products for the purposes of hydration during any indoor or outdoor activity can result in extreme cases of drinker's remorse.
